

# Cancer Screenings for the Uninsured

To better serve those individuals who are uninsured, the Memorial Cancer Center has established a Cancer Screening Access Line. Any individual, agency, physician or health care provider may refer someone to the access line.

When a person calls the Cancer Screening Access Line, he or she will be referred for appropriate screening provided by one or more of the following agencies:

- Health Delivery, Inc.
- Primary Care Physician Office
- Dermatologist Office
- Memorial Healthcare Services
- Other Health & Human Service Agencies

**Cancer Screening Access Line**  
**989.729.HOPE (4673), ext. 6786 or 800.206.8706, ext. 6786**

If the individual meets eligibility requirements, cancer screenings may be provided at no charge.

Cancer screenings are provided by the Memorial Healthcare Foundation.
