SPECIALTY PHARMACY... MORE THAN JUST A PHARMACY

The Memorial Healthcare Outpatient Pharmacy Owosso is dedicated to helping patients and providers manage chronic and complex diseases that require specialized therapies and customized pharmacy services.

Specialty pharmacy is different than traditional pharmacies in that we help guide patients through their medication journey to ensure effective, safe, and timely administration. We offer 24/7 support, so you are never alone in your journey. Our goal is to facilitate medication access for specialty medications and work as a financial advocate for our patients.

Our specialty pharmacy care team will thoroughly educate you on all medications, including administration techniques, side effects and drug interactions. We will proactively contact you to assist with refill reminders and provide on-going adherence support. We offer fast, free home delivery along the option of picking up your specialty medication from the Outpatient Retail Pharmacy. As a patient of the Memorial Healthcare Outpatient Pharmacy Owosso, our priority is helping you live better and stay healthy.

WHAT TO EXPECT

Benefits Coordination Plus Financial Assistance

We are your financial advocate. We will help you every step of the way from insurance authorizations and co-pays to enrolling you in funding assistance program. Our reimbursement specialists are experts at navigating through financial paperwork and finding ways to help ensure your medications are available.

Timely Refills Plus Prescription Monitoring

Our team of clinical experts will contact you about your medications so you don't experience a lapse in your treatment which could lead to problems. We will coordinate our efforts with your healthcare provider so you experience the best possible outcomes from your therapy.

Free Medication Delivery Plus Supplies

We can send all medications and supplies you need for your therapy to your home free of charge. Our goal is to make sure you have your medication in-hand so you can start it as quickly as possible and avoid any interruptions in therapy. We want to make getting your medication easy and convenient for you.
